GDP – gross state domestic product at factor cost, OTR – own tax revenue. The vertical line indicates the date the incumbent chief minister assumed office. Data on states' OTR for 2011 are revised estimated from the RBI's publication, "State Finances: A Study of Budgets of 2012-2013". Data for Bihar and Chhattisgarh from 2000 are for the new state. For Gujarat, GDP for 2011 was extrapolated based on its OTR and the ratio of OTR to GDP as reported by the RBI. 2011 refers to the fiscal year April 1, 2011 – March 31, 2012 and similarly for other years.
